This is a summary of the Council's March 2025 public meeting and the actions the Council decided upon. The meeting agenda and presentation materials for each agenda item during the meeting are posted at <https://www.nwcouncil.org/calendar/council-meeting-2025-03-10/>. The meeting recording and a copy of this summary will also be posted on that page.

### **March 11, 2025**

Council Chair Mike Milburn brought the meeting to order at 8:30 a.m. Pacific Time. Council Members Jeff Allen, KC Golden, Doug Grob, Margaret Hoffmann, Thomas L (Les) Purce, Charles F. Sams III, and Ed Schriever were in attendance in Portland, Oregon. The next Council meeting is scheduled for April 8 & 9 in Portland, Oregon and via webinar.

### **Chair Introductions to Oregon Council Members**

Chair Milburn began the meeting with introductions of the two new Oregon Council Members, Margaret Hoffmann and Charles F. Sams III. Members Hoffmann and Sams spoke a bit about their background and how they both look forward to contributing to the Council's work.

### **Motion for Executive Session**

Member Purce moved that the Council meet in Executive Session on the afternoon of March 11, 2025, to discuss personnel matters.

Member Schriever seconded.

No discussion.

Voice vote – all in favor, none opposed.

Motion was approved.

## **Power Plan Update**

Director of Power Planning Jennifer Light provided a Power Plan update that included an overview of material covered at the February Council meeting, a discussion on the social cost of carbon, where staff are currently in the process, and proposed topics for upcoming Council meetings.

## **Council Meeting Agenda Items**

### **1. Proposed Reference Plants for the Ninth Plan (Part 2)**

Resource Policy Analyst Annika Roberts provided a follow-up presentation to the February Council meeting, where staff began the process of reviewing proposed reference plants to be analyzed in the Ninth Plan. During this presentation, Roberts outlined details of each reference plant. This included costs, availability, and timing for each resource. The presentation also incorporated feedback from the Generating Resource Advisory Committee.

Presentation materials are at [https://www.nwcouncil.org/fs/19129/2025\\_03\\_01.pdf](https://www.nwcouncil.org/fs/19129/2025_03_01.pdf).

### **2. Proposed Conservation Resources Part 1**

Power Planning Resources Manager Kevin Smit and Senior Resources Analyst Christian Douglass presented on energy efficiency and how this resource is defined for the purposes of building it into the Council's modeling ecosystem. This presentation included a background on energy efficiency; what's new for energy efficiency in the Ninth Plan; and a summary of the status to date (including the public review process). Over the next few months, Power staff will be finalizing all the energy efficiency supply curves. These supply curves will then be used by staff as inputs to the OptGen model to ultimately be compared alongside generating resources.
