MEMORANDUM

TO: Council Members

FROM: Terry Morlan

SUBJECT: Presentation and Discussion with Bill Drummond

Bill Drummond, the Manager of the Western Montana Electric G&T Cooperative, will talk with the Council Tuesday afternoon in Missoula. The Western Montana Electric G&T Coop is located in Missoula. Bill Drummond is a veteran of regional energy issues and has been an active participant in Council activities for many years.

Bill would like to brief the Council on current issues and activities in Montana. In addition, he is likely to have some views on regional issues that the Council is currently involved in. In particular, he would like to talk about regional transmission issues and the development of the Grid West and the Transmission Issues Group (TIG) proposals. He may also have some comments to share on the Regional Dialogue issues, including possible allocation of the Bonneville system.

Bill hopes there will be an opportunity for a conversation with Council members during or following his presentation.
