**To:** Council Members

**From:** Doug Marker, Director  
Fish and Wildlife Division

**Subject:** Presentation on Reconnaissance Study for a System Flood Control Review

Lonnie Mettler, of the Northwestern Division of the US Army Corps of Engineers will present the scope and purpose of a major review of Columbia River flood control operations and facilities. The Corps released the initial "reconnaissance" report for regional comment in late January. The comment period is being extended to permit more regional discussion. The staff expects to propose comment by the Council at its April meeting.
