## MEMORANDUM

**TO:** Fish and Wildlife Committee

**FROM:** Patty O'Toole, Program Implementation Manager

**SUBJECT:** Status check on priorities for FY 2007 - 2009 project selection

Council state and central staff will provide brief verbal reports on the status of the proposal prioritization efforts for the provinces, the basinwide group of proposals and for the "multi-province/mainstem habitat" proposals.

The guidance document that the Council released at the beginning of the project solicitation process called for the province priorities to be submitted to the Council on June 16, 2006. We expect that we will post this information during the week of June 19 and this will initiate an opportunity for project sponsors to respond to the ISRP preliminary comments. We expect the ISRP preliminary report to be released late in the week of May 29<sup>th</sup>, 2006.
