MEMORANDUM

TO: Council Members

FROM: Staff

SUBJECT: Status Report on the RM&E and Artificial Production Categorical Review (no action required)

Status and Update

The final RM&E/Artificial Production review set includes 158 projects; 99 for full review and 59 for contextual review. The proposals were sent to the Independent Scientific Review Panel (ISRP) on August 5, 2010 for review. Projects presentations were made to the ISRP over several days in September. The ISRP is due to complete their preliminary report late on October 13th, 2010.

Staff may present interesting programmatic information that can be summarized between now and the Council meeting.
