MEMORANDUM

TO: Council Members

FROM: Ben Kujala

SUBJECT: Update on BPA's Energy Efficiency Action Plan

BACKGROUND:

Presenter: Joel Cook, Senior Vice President of Power Services

Summary: Bonneville will present an update on their Energy Efficiency Action Plan. The Energy Efficiency Action Plan forecast how public power can achieve a share of the regional energy efficiency target through a variety of programs, market transformation, and momentum savings. The current action plan was issued March 2017 and forecast savings from 2016 to 2021.

Relevance: The Seventh Power Plan set a regional goal of 1400 average Megawatts of savings from 2016 to 2021 and recommended that Bonneville achieve its share of the regional goal. The Energy Efficiency Action Plan is Bonneville's plan and forecast on how to accomplish achieving its share of the regional goal.
