#### **MEMORANDUM**

TO: Council members

FROM: Bill Booth, Idaho Council member

**Council and Bonneville staff** 

SUBJECT: O&M Strategic Plan Update

#### **BACKGROUND:**

Presenter: Bill Booth, Idaho Council Member; Mark Fritsch, manager, project

implementation; and Bryan Mercier, business operations, BPA Environment, fish and wildlife will present an update on the different

categories being assessed for the O&M Strategic Plan.

Summary Continued progress has been made regarding the highest priority the

region defined as part of the 2014 F&W Program (Program). An update will be provided on ongoing efforts associated with the O&M Strategic

Plan.

Relevance This presentation is associated with the asset management strategy

(Phase I – inventory, and Phase II - condition assessment) associated with the O&M Strategic Plan for Program hatcheries, fish screens and lands in the Fish and Wildlife Program. The presentation will touch on the need for additional refinement of the inventory prior to transitioning into

Phase III (prioritization) and IV (plan).

Workplan: This presentation is associated with the development of the O&M

Strategic Plan being tracked in the annual Fish and Wildlife Work Plan and

the Council's Annual Work plan, Section 2b (Priority Objective 2, Action B, Sub-action Long-term O&M inventory priorities)

Background: Since the adoption of the 2014 F&W Program in October 2014, the Council staff (State and Central) has been working with the O&M Sub-Committee, Independent Economic Analysis Board (IEAB), Bonneville staff, Fish Screening Oversight Committee (FSOC), Fish and Wildlife managers, HDR Engineering Inc., and QW Consulting to develop a long-term O&M strategic plan to ensure the longevity and integrity of the Programs past investments. Initial efforts associated with the Program hatcheries and screens are currently being conduct an asset inventory. Bonneville is currently assessing the lands associated with the direct Program.

# 2014 Fish and Wildlife Program - Investment Strategy

# Operation and Maintenance Strategic Plan

May 2016

# Background

- BPA has made substantial investments in the Columbia River Basin through the Council's Fish and Wildlife Program.
- O&M strategy is the highest priority in the 2014 Program Emerging Priorities.
- O&M strategy will ensure that existing Program-funded infrastructure remains properly functioning and will continue to benefit the fish and wildlife in the basin.
- Hatcheries, fishways and traps; Screens and diversions; Lands\*

<sup>\*</sup>BOG will continue to be used as a tool to address natural events, emergencies and misc. needs

# **Asset Management Strategy**

- Phase 1: Inventory
  - Shared understanding of scope and scale for each category
  - Standardize data for development of system support
  - Clarity on rolls and responsibilities
- Phase 2: Condition and Needs Assessment
  - Safety compliance condition
- Phase 3: Criteria for Prioritization
- Phase 4: Strategic Planning
  - Planning funding transition to prioritized implementation

# **O&M Strategic planning**

- Fish and Wildlife Committee presentations
- Sub-committee meetings
- IEAB (IEAB 2015-1)
  - Long-Term Cost Planning for the Fish and Wildlife Program
- Bonneville
  - Project Managers assigned
- FSOC
- Hatchery Managers
- Consultants
  - HDR Engineering Inc.
  - QW Consulting, LLC

# **Program Hatcheries**

- Nez Perce Tribal Hatchery
- Colville Hatchery
- Hood River Production
- Kootenai River Native fish Conservation Aquaculture
- Umatilla Hatchery
- Sekokini Springs Westslope Cutthroat
   Trout Isolation Facility\*
- Lake Roosevelt\*
  - Spokane Hatchery
  - Sherman Creek Hatchery

- Kalispel Tribal Fish Hatchery\*
- Cle Elum Supplementation and Research Facility
- Klickitat River Operation and Maintenance\*
- Grande Ronde Supplementation
- Fall Chinook Acclimation Facilities
- Chief Joseph Hatchery
- Snake River Sockeye

<sup>\*</sup>Assessments to be completed by Bonneville.

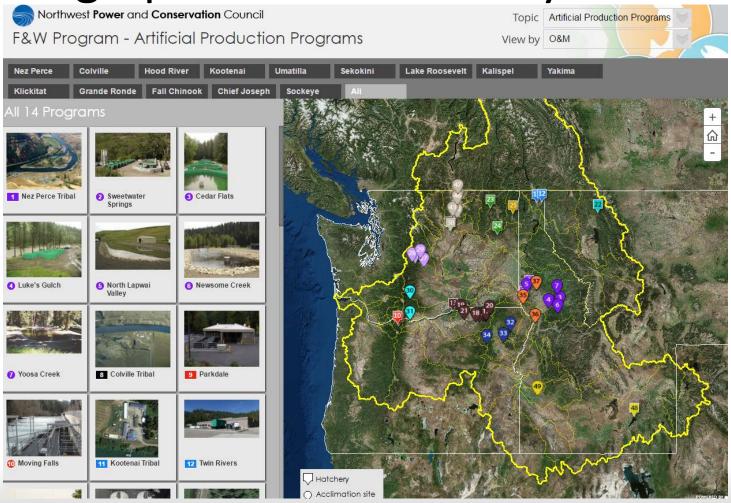

### Hatcheries

- Contract awarded to HDR in March
- Letter to fish and wildlife managers sent in April
- Schedule is developed with site visits planned for ten facilities as follows:
  - Group A Nez Perce Tribal Hatchery (7 sites), Grande Ronde Supplementation (3 sites), and Fall Chinook Acclimation Facilities (3 sites), (May)
  - Group B Colville Hatchery (1 site), Chief Joseph Hatchery (5 sites), and Hood River Production (2 sites), (July)
  - Group C Cle Elum Supplementation and Research Facility (4 sites), Umatilla Hatchery (10 sites) (September)
  - Group D Kootenai River Native Fish Conservation Aquaculture (2 sites), Snake River Sockeye (2 sites), (November)
- Collaborative work sessions with fish and wildlife managers
- First assessment of Group A hatcheries completed by June

# Program Hatchery Geographic Information System Tool

### Screens and diversion

- Fish Screen Oversight Committee (FSOC) facilitating the development of the screen inventory with BPA funding.
- FSOC compiled an initial inventory of screens across four states
- BPA and FSOC members reconciling screen inventory with data from PISCES (contract management system)
- Finalization of screen inventory may require discussion between fish and wildlife managers to determine BPA history and future role with identified screens
- QW Consulting

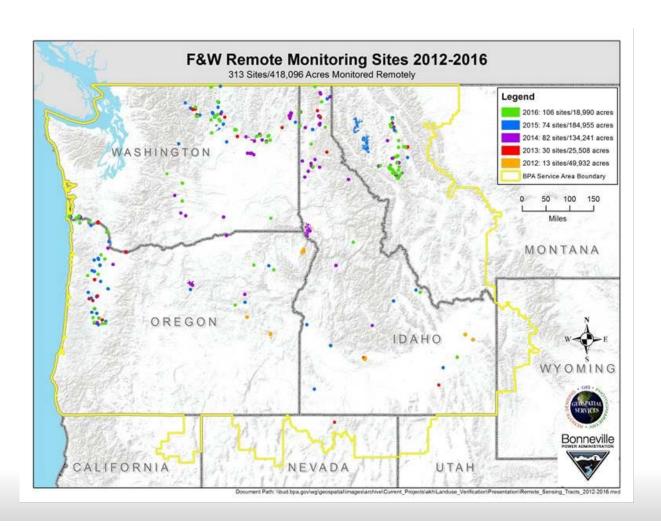

### Lands

- BPA has protected, through either fee-title acquisition or permanent conservation easements, over 700,000 acres
- BPA conducts an annual review of about 100 parcels of land each year for compliance with the terms of the conservation easements to ensure attributes to benefit fish and wildlife are sustained
- Land Monitoring Program compliance monitoring entails a combination of methods, including remote sensing (publically available satellite imagery), onsite visits by BPA staff, and input from project sponsors.
- Presentation on Land Monitoring Program scheduled for June Council meeting in Redmond, OR.

# Land Monitoring Program

# **Anticipated Timelines**

#### Categories

- Hatcheries
  - Phase II completed by the end of calendar year
- Screens
  - Phase I and II completed by end of calendar year
- Lands
  - Phase I completed by end of year

#### **O&M Strategic Plan**

 Define Phase III and provide draft approach for Phase IV in early 2017
