2:00 pm	Distributed/Rooftop Solar	Massoud Jourabchi
3:00 pm	Wrap Up, Next Meeting, Hydro Proposal	Gillian Charles
3:30 pm	Adjourn	

## Overview of the Council's Generating Resources Advisory Committee (GRAC)

**GRAC MTG**  
**June 20, 2013**

## GRAC Charter

- **Advisory committees are established to assist in development of Council's Power Plans**
- **Two year charter, filed May 2012**
- **GRAC serves in advisory capacity**
  - No votes are taken
  - Role is to review information, vet assumptions and information, and make recommendations to the Council
- **Steve Simmons – Chair**
- **Gillian Charles – Vice-Chair**

3

## Objectives & Scope

- **Assist the Council:**
  - Identify and assess generating resources and technology alternatives
  - Gather and validate information on the following:
    - Technical specifications
    - Cost and performance
    - Environmental impacts
  - Review and interpret analyses concerning generating resources and technology alternatives considered for the development of the Seventh power plan

4

## Purpose and Expectations

- **Role of a GRAC member:**
  - Actively participate in meetings (either in person or via webconference)
  - Share ideas and information (when available)
  - Vet and review assumptions for generating resources
- **Identify key generating resources and resource assumptions to focus on**
- **Review preliminary staff assumptions and provide feedback and insight**

5

## Expected Timeline of Future GRAC Meetings

- **All GRAC meetings will be held at the Council's central office in Portland and via webconference**
- **Expect 6-8 meetings overall, at a frequency of every 2-3 months**
- **Next GRAC Meeting – September TBD**

6

## Thank You

**The Council relies on its advisory committees for guidance, feedback, input, and information as a critical link in the development of its Seventh Power Plan.**

**Your participation in the process is much appreciated.**
