

Action Plan: Initial Scoping

CRAC Meeting
May 1, 2015

What is the Action Plan?

- **Covers first five years of Plan period: 2016-2020**
- **Describes things that need to happen in order to successfully implement the Power Plan.**
- **Identifies entities that have primary responsibility for implementation activities**

For Conservation

- From the Sixth Plan:

Key areas for enhanced implementation activity include:

- (1) enhancing the region's ability to acquire the identified efficiency potential;*
- (2) increasing efforts to identify and verify new cost effective and feasible technologies; and*
- (3) developing regional mechanisms to keep efficiency policies up to date with changing information, track and verify achievements, and adaptively manage regional efficiency acquisition strategies.*

7P Action Plan

- **Will be shorter list than 6P**
- **Will include suggestions on:**
 - **How best to serve low-income customers**
 - **Research needs**
- **Council staff are compiling a list of ideas, stay tuned**

Next Steps for Action Plan

- We are asking for **your** ideas
 - Email us
 - Be prepared to discuss at next meeting
- Council staff will present our ideas at next meeting
